

FIRST ANNOUNCEMENT

SECEC ESSE

LYON - FRANCE

2011, SEPTEMBER 14-17

**23TH CONGRESS OF THE EUROPEAN SOCIETY FOR
SURGERY OF THE SHOULDER AND THE ELBOW**

www.secec.org

Dear Colleagues, Dear Friends,

It is a great pleasure and challenging honor for us to invite you to participate in the 23rd SECEC-ESSSE congress in Lyon, France, from September 14th to 17th, 2011.

Our principal goal is that the meeting will be as interesting and stimulating as possible for everyone, not only for the more experienced and up-to-date shoulder and elbow surgeons but also for the youngest, who should be able to return home with clear ideas and practical messages. Following the tradition of Lyon's surgical school, we will try to focus on the management of failures, especially following shoulder surgery.

Another important goal is to keep this meeting strongly open to other shoulder specialists such as rheumatologists, radiologists and physical therapists. During the Friday afternoon and on Saturday, parallel sessions will be specifically dedicated to shoulder rehabilitation.

We have no doubt that everyone will appreciate the cultural background and romantic beauty of our town, as well as the friendly activities and, of course, gastronomy. We will do our best to make sure this meeting is an unforgettable event and look forward to warmly welcoming you to Lyon in September 2011.
