

## Testimony Dr Edoardo Pierpaoli

My Shoulder Fellowship in Lyon has come to an end. These past six months have been intense and incredibly enriching.

A special thank you to Dr. Lionel NEYTON for his priceless teachings and for sharing his experience with me. I am certain that this journey will have a significant impact on my future practice.

A heartfelt thanks also to the team Khaled Ghannam, Matthew Donaldson and Alessandro Mazzola. It was a pleasure getting to know you, and I hope our paths cross again soon.
